## Ku Klux Klan Invades Religious Meeting

### MASKED MEN GIVE GOLD AND PRAISE TO PASTOR

Twelve Knights, in Regalia Of Order, at Jerry Jeter Gathering

A situation of tensest suspense, mingled with emotions of consternation and amazement, was created last night at the Jerry Jeter tabernacle on East Broadway, when, just at the height of the services, twelve hooded men, robed in the regalia of the Ku Klux Klan, entered the front door and marched silently and solemnly down the aisle to the speaker's platform.

There they paused and eleven of them lined up before the front of the altar, facing the audience, while the twelfth, their leader, turned to Evangelist Jeter and tendered him a sealed envelope and five gold coins, giving the audience a chance to witness a sight never before seen in Glendale.

While the evangelist slowly broke the seal of the envelope and prepared to read the message it contained, the situation grew even tenser, and not a sound could be heard in the great tent except here and there the fitful intaking of a breath.

As it had been previously announced that this meeting would offer Evangelist Jeter's audience an opportunity to hear the Ku Klux and other organizations discussed, the situation was all the more acute.

At last the evangelist drew forth the letter—and after glancing it swiftly over, turned and at once read it to the audience, the massive containing the following words:

Reverend Jeter  
Glendale, California.  
"Dear Sir: The Knights of the Ku Klux Klan, always ready to assist anyone who aspires to things good and noble for themselves, our Country and our race, and in appreciation of your noble efforts here in Glendale to spread Christianity and to make our town a better place to live in, we tender you this donation to assist you in furthering the work of Almighty God—He, the Klansmen's criterion of character."

"Accept this, and may God bless you and assist you in your noble mission to humanity."

(Signed)  
"THE KNIGHTS OF THE KU KLUX KLAN, Glendale Chapter, Realm of California."

Following the reading of this communication, and after the evangelist had thanked them for their generosity, the twelve Klansmen turned and marched silently and solemnly up the aisle and out leaving no clue as to their identity. Once outside they entered waiting automobiles and were whisked swiftly away.

As they filed out of the tent, the Klansmen were given vigorous applause by a large number of the audience of 2500.

Rev. Jeter then went on with his services, addressing the large assemblage on the topic, "What has become of the religion of the Pilgrim fathers?" handling his subject-matter in a very forceful manner.

Other Delegations  
Another delegation to visit the tabernacle for the evening services was a body of members from the Church of the Nazarenes, while at the morning hour a delegation from Santa Ana came in and for the afternoon services another delegation from Rev. Bob Shuler's Los Angeles church was present.

Evangelist Jeter's morning topic was "Who is Jesus?" and he held his audience spellbound for over an hour with an outburst of oratory seldom equaled, many present being heard to remark that it was the best sermon they had ever listened to.

As Evangelist Jeter plans to close his Glendale campaign on Sunday night, with a talk on the topic, "The greatest detective story in the world," Glendians who have not yet heard him should know that this week will offer the last opportunities to do so.

### DETECTIVE VISITOR

J. E. Cottle, member of the San Francisco detective bureau, was a visitor today at the Glendale police department.

### Dance On Truck Aboard Ferryboat To Escape Law

NEW YORK, April 16.—Without missing a single step, five couples out for marathon dancing honours, one-stepped from a New York dancing floor early today to a truck, and, still dancing, were ferried over to New Jersey, beyond the jurisdiction of New York courts.

The court sought to end the dance under a section of the penal code, passed in the early days of six-day bicycle racing and which prohibits endurance contests for a longer period than twelve hours of every twenty-four. If any couples are still on their feet at 1:10 Tuesday afternoon the record of sixty-five hours and thirty-six minutes established yesterday at Houston, Texas, by Miss Magdalene Williams will be bettered by thirty minutes.

## BAN ON LONG DANCING IS SPREADING

Officials Act to Prevent Further Marathons: Record 65 Hrs. 29 Min.

SAN FRANCISCO, April 16.—Dance marathons may be banned on the Pacific coast.

Seattle's chief of police has already acted to stop them. The matter of banning them will come before the police commission here tonight and officials of other cities are giving consideration to the matter.

Meanwhile preparations are going forward for staging one of the largest dance marathons yet held at Lakespur, near here, April 28. In connection with the annual California Poppy and Rose Festival, more than fifty entries have been received. Ministerial opposition is being manifested.

Too Tough for Them  
Marathon dancing, spreading over the United States as fast as influenza ever did and with results nearly as horrible, promised today to develop into the national sport of the American woman. It's far too tough for men, the sissies.

Thus far one man has gone insane. It caused him to hoot like an owl. Another was threatened with permanent lameness.

A third, who was going to show what his sex could do when it concentrates, changed his mind and collapsed. Meanwhile, girl enthusiasts dance merrily on wearing out shoes, partners and orchestras.

Fear for Future  
Health authorities, mindful of the way saxophone players are keeling over with exhaustion, fear for the future of the race. In New York they dug up ancient legislation which said prolonged dancing was as unlawful as burning whistles. In Rochester and Syracuse the law gives have decided dancers may fox-trot for twelve hours only.

Two couples one-stepped into a truck in New York, were ferried over to Jersey out of jurisdiction in their own state, and are still at it. California is arranging the biggest marathon yet while the rest of the west coast threatens to bar such exhibitions.

Miss Magdalene Williams of Houston, Texas, today had two blistered feet, the record of sixty-five hours and twenty-nine minutes and plenty of worn out competitors to her credit.

"We shall not interfere with anyone who wishes to dance himself to death," announced Health Commissioner Burdese of Chicago. Thereupon three dancing masters' associations announced they would stage jointly an endurance contest April 24.

### Death Toll Grows in Korean Coast Cyclone

TOKIO, April 16.—Advices today from Seoul magnify the disaster which accompanied the terrific windstorm along the coast of Southern Korea Saturday.

Official figures today placed the number of missing at nine hundred. So far only fifty bodies have been recovered.

## 10 JAPANESE CHILDREN DEAD IN FLAMES

Sacramento Mission School Burns; Acts of Heroism As Fire Rages

SACRAMENTO, April 16.—Ten Japanese children are known to be dead and the ruins of a mission school are being searched today for additional bodies following a fire which early today swept through the frame structure.

Bodies of three children were found on the second floor of the building and six huddled forms on the third floor.

The fire was marked by acts of heroism as instructors sought to save their little charges.

Mass of Flames  
The children ranged in age from 5 to 17 years. The building was a mass of flames before the children were awakened by K. Kanada, a teacher at the school. Seventy-four Oriental children were asleep in the mission school when the fire broke out. Two girls and T. Miyamoto are missing. The body of H. Horisawchi was recovered.

Professor Kanada, proprietor of the school, rescued eight of the younger children before he was forced to quit the flaming building. Heroic work by firemen and police officers alone prevented a much greater death toll.

Detectives E. L. Roberts and Harry Deback, assisted by an insurance man named McGee, were the first to arrive at the scene of the fire. As they forced their way into the blazing building they found the bodies of three children on the second floor.

Start Inquiry  
The children had been overcome with smoke when they were within reach of safety. The six bodies on the third floor were recovered after the flames had been brought under control.

Investigation into the origin of the fire was started today by Police Chief Bernard McShane. He declared that fire apparently had broken out in several places in the old frame structure at the same time.

Many pitiful scenes were enacted on the fire line thrown around the building by the police department.

### University Checks Up On Loss by Robbery

STANFORD, UNIVERSITY, Cal., April 16.—Inventory was being made today of the museum treasures missing from the Stanford university museum, including part of the famous jewel collection of Mrs. Leland Stanford, wife of the founder of the university, and rare specimens of Egyptian, Greek and English gold coins.

Preliminary estimates place the loss at \$50,000, but it was admitted full check may send the amount up. The museum was looted last Saturday, but the robbery was not discovered until late Sunday. The museum stands a quarter of a mile from other campus structures, and was unguarded.

A costly pearl necklace was one of the prize pieces of the jewel collection of Mrs. Stanford. In the coin collection was one set worth \$5,000. It was composed of 75 pieces. A diamond studded miniature of the Stanford family presented to the museum by Dr. Ray Lyman Wilbur, is also missing. Cases were ruthlessly smashed and less valuable specimens strewn about. The robber escaped by smashing a rear window.

### Harding Picks Post for Ex-Congress Woman

WASHINGTON, April 16.—President Harding today signed an executive order permitting the appointment of Miss Alice Robertson, former congress woman from Oklahoma, as a "welfare worker" in the United States veterans' bureau. Miss Robertson was defeated for re-election last year. The exact nature of her new duties have not been defined. The purpose of the executive order was to set aside the civil service regulations so the appointment could be made without examination.

## TRACE CLARA PHILLIPS TO SALVADOR, REPORT

Escaped Slayer and Male Company Make Way to New Hiding Place

BULLETIN  
LOS ANGELES, April 16.—Clara Phillips, "hammer murderess" of Alberta Meadows, who escaped from the county jail here last December while under sentence of from ten years to life in San Quentin penitentiary, and who was reported to be in the republic of Salvador, has again escaped her pursuers and is "lost," it was announced at the sheriff's office here today.

Following receipt of information from the police at Guatemala that Mrs. Phillips boarded a boat there April 3 for San Salvador, capital of the Central American republic, Under Sheriff Biscainza admitted that the "tiger woman's" trail has been lost.

MEXICO CITY, April 16.—Clara Phillips and a male companion registered here at the Hotel St. Francis on January 23, said Senator Quintant, chief of the Mexican secret service, in a statement to the International News Service today. The St. Francis is the leading hotel in the heart of the business district here.

"They were registered as Mr. and Mrs. Jesse Carson from New Orleans."

"They remained at the hotel only three days, leaving there for a private residence located on one of the principal residential streets of Mexico City."

"The hotel clerk at the St. Francis, Juan Faustino, when shown a picture of the murderess, identified her as the woman who occupied Suite 11 as Mrs. Carson."

Finds Trail  
Senator Quintant said these facts were developed by his detectives after receipt of a cablegram from the Los Angeles police authorities asking his department to co-operate in the hunt for the fugitive.

"After the couple left Mexico City I was able to run down the trail to the Guatemalan frontier," he added.

"It is my opinion that the couple are headed for the Central American republic of Honduras because of the general belief among criminals that there is a no police gentleman's agreement on the matter of extradition between Honduras and United States."

Information from Guatemala Central America, was that Mrs. Phillips entered Guatemalan territory through the port of entry, Ayutala, on the Mexican-Guatemalan border, on March 10, using the name of "Mrs. R. Young," and accompanied by Carson.

Wanted for Murder  
They left April 3 on board a steamer, presumably, according to this information, for San Salvador, which is just south of Guatemala and on the Pacific side of Honduras.

Mrs. Phillips is wanted for the murder of Alberta Meadows, whom she beat to death with a hammer on a lone road in California, where she had taken her on an automobile trip. Mrs. Phillips was jealous of the attentions her husband was said to have paid Mrs. Meadows.

### Watchman Killed in Raid on Distillery

HAMMOND, Ind., April 16.—Robert J. Hannon, watchman at the Hammond Distillery company here, was killed early today by whiskey bandits who made away with part of about 2500 barrels of whiskey stored in the distillery.

Six men were in the raiding party, according to Joseph Stachura, relief watchman, overpowered by the bandits. The furnished police with a partial description of the raiders and the truck in which they fled.

### Banker Pleads Guilty In Automobile Deaths

PHILADELPHIA, April 16.—Henry G. Brock, wealthy banker, society and clubman, today pleaded guilty to second degree murder in connection with the killing of three persons by his motor car on March 2 and was sentenced today by Judge Audenried to from six to ten years' imprisonment.

The Pied Piper

## N. B. BUTLER IS KILLED IN CRASH

Train Hits Auto and Man Meets Death; Inquest to Take Place Tuesday

Nathan B. Butler was killed and the sedan in which he was crossing the tracks of the Southern Pacific at Sonoma avenue was hurled eighty-five feet and instantly changed into a crumpled mass of scrap iron about 5:40 p. m. Saturday, in a grade crossing accident.

Mrs. Butler lived with his wife, Mrs. Myrtle Butler, and son, L. V. Butler, about a block west of the Southern Pacific right of way on Sonoma street. He was driving from his home toward San Fernando road when his machine was struck by a north bound Southern Pacific train.

The inquest into the accident will be held at 9:30 o'clock tomorrow morning in the parlors of L. G. Scovern. Funeral arrangements have not been completed.

Other Accidents  
C. A. Reinhardt of Hollywood was driving his automobile from Los Feliz road on to San Fernando road about 1:50 o'clock yesterday afternoon. It caught one of the bumpers of the automobile driven by C. H. Ward of Pasadena.

Theodore Nichols of 910 East Elk street was bruised and shaken up but escaped serious injury about 5:35 o'clock yesterday afternoon when the touring car, which he was driving on Pacific avenue, struck some sand and skidded into the curb.

Mrs. W. J. Wood of Burbank was driving southward on San Fernando road about 8:30 o'clock yesterday morning. A machine piloted by V. Jorgenson of Burbank stopped suddenly and she could not stop her car rapidly enough to prevent a collision.

## Formal Opening Of Ball Season Due On Tuesday

NEW YORK, April 16.—Getting a twenty-four hour jump on their American league rivals, eight National league teams are scheduled to break through the barrier tomorrow in the formal opening of the 1923 baseball season. For the inaugural, east will be east and west will be west and the twin will not meet for some weeks thereafter, this being one of the inviolate precepts of scheduling-making.

In the east, the world's champion New York Giants will open away from home in order to give the Yankees first chance at the cash customers at the dedication of the new Yankee stadium on Wednesday. The Giants will play at Boston, with the Phillies and Dodgers doing the honors at Ebbets field, Brooklyn.

In the west, Pittsburgh will open at Chicago and St. Louis at Cincinnati.

### City Officials Attend Banquet to Air Head

The reception and banquet tendered Major General Mason Patrick, commander-in-chief of the United States air forces, yesterday noon in the Miramar Hotel, Santa Monica, was attended by Mayor Spencer Robinson, City Manager W. H. Reeves, Councilman Sam Davis and Councilman A. H. Lapham.

In a short speech Major General Patrick called attention to the fact that a bombing plane costing about \$2500 could destroy a battleship costing about \$20,000,000. He stated that aviation unquestionably is the most important branch of the national defense. He emphasized the necessity of having fields where reserve aviators can be trained.

Major General Patrick, who is on a tour of inspection of aviation fields on the Pacific coast, made the flight to and from his base at San Diego in a high speed plane.

### WAGE INCREASE

REDDING, April 16.—The Mountain Copper company today increased wages 50 cents per day for all men employed in its Hornet mine.

## BUDGET BILL IS BEFORE ASSEMBLY

Opposition Is Making Every Effort to Stop Measure From Being Passed

SACRAMENTO, April 16.—While Governor Richardson is holding a hearing today on the community property bill which is before him for signature, the assembly is considering his budget figures in appropriation bill No. 999.

Speaker Merriam today expressed the opinion it would pass during the afternoon, but Assemblymen T. M. Wright, Albert Rosenshine and Alex McMillan, fostering amendments, claim they will get enough votes to hold it over, even though unsuccessful in changing the appropriations.

The senate finance committee is not ready to act upon the measure.

There is opposition to the bill as it stands, in spite of attempts made to forestall that opposition by the changes which twice have been made in it, since the governor sent it to the legislature in January.

The amendments carry a considerable number of shifts in appropriations to various boards and institutions, among them several that were entirely eliminated by Governor Richardson in his original program. Demand is to be made for increased appropriations for a number of institutions, which have been cut to bed rock by the governor.

### Homes, Village Swept Away by Texas Floods

BEAUMONT, Texas, April 16.—Sixty homes here were inundated, part of the village of Fletcher, 20 miles north, has been washed into the Neches river and nearly all roads are impassable. These developments marked the flood situation today over southeastern Texas, caused by the highest stages of the Neches and Sabine rivers in several years.

The Neches, which is causing the greatest damage, threatens to pass its record stage of 15 feet in 1915. Damage of \$100,000 already has been done. The Orange oil field is completely under water and all operations have ceased. No loss of life has been reported.

## L.A. CONCERN TO FINANCE GLENDALE PROJECT

Ground Will Be Broken Within Next 60 Days, Is Announcement

THE immediate construction of an apartment hotel on North Brand boulevard to cost a third of a million dollars was announced this morning by O. A. Brown & Company of 315 Security building, Los Angeles.

"We understand that there is a big demand in Glendale at this time for a first class apartment hotel," remarked Otto A. Brown this morning. "We intend to put one up and finance it right here in Los Angeles."

Competitive plans are now being prepared for the new hotel, according to Mr. Brown. He stated that ground would be broken between thirty and sixty days.

While the actual cost of the building is undetermined yet, O. A. Brown & Co. estimate that the total investment will be at least \$350,000.

The hotel is to be located at the northwest corner of Brand boulevard and Burchett street, and the deal has been handled all the way through by Charles B. Guthrie.

The new hotel will be metropolitan in aspect. The ground floor will contain a spacious lobby and the upper floors will be reached by elevator.

Modern Features  
Besides fifty hotel rooms, every one of which will have its private bath, there will be fifty single and double apartments. There will be all modern hotel features such as circulating hot and ice water and a refrigerating system which will keep the interior at an even temperature throughout the summer. O. A. Brown & Co. are realtors, builders and operators of hotels. They now have four under construction and the local hotel will become one of their chain. It will be known as "The Brown Palace."

### De Valera's Name Not In List of Captives

DUBLIN, April 16.—Up to noon today Free State military headquarters in Dublin were unable to confirm a persistent report that Eamonn de Valera had been captured, although they were in communication with the Free State commandant at Roundwood, near Dublin.

A communique was issued announcing the capture of many irregulars, but it did not mention de Valera.

This was the second time de Valera was reported captured within a week. Ever since Liam Lynch, chief of staff of the republican irregulars, was fatally wounded and captured, Free State troops in Tipperary county and Kilkenny have been hot upon the trail of the elusive de Valera. He was reported hiding in the mountains near Clonmel, but a column of Free State troops under General Prout made a fine-tooth comb search without getting any trace of the "republican president," as de Valera has styled himself.

### Father Galvin Holds First Services Here

Rev. Father Michael Galvin conducted services for the first time yesterday in the Holy Family Catholic church.

In a brief sermon at the 10:30 o'clock mass, Rev. Galvin expressed his pleasure at being appointed to the Glendale parish. He said that he would find delight in meeting each of the families in the parish as soon as possible. He asserted that he intended to try to follow in the footsteps of Rev. Father O'Neill—although he reported that his predecessor had been such a superior priest that he realized the task would by no means be easy.

"The Good Shepherd called me and I came," said Rev. Galvin, explaining his appointment to the local parish.

As usual four masses were held yesterday morning. Rev. Patrick Curran, assistant priest, assisted in the services.

### LOSES GOLD PIECE

# THE IRISH LINEN STORE

117 North Brand Boulevard

"The Store of Dependable Merchandise"

W. L. MOORE — W. G. LAUDERDALE.

#### Christ's Death Shows Safety in Salvation

"Remember that there is a friend that sticketh closer than a brother," admonished Rev. Henry O. Kringle yesterday morning to the congregation of the Redeemer Evangelical Lutheran church.

"And who is that desolate, afflicted and tormented man? It is He of whom God testified that He was His only begotten son, a perfect and upright man, one who feared God and shunned evil. Seek ye His friendship. Cultivate it; delight in it; He cannot err in judgment. He never fails in affection nor is deficient in sympathy."

"While His death showed us our transgressions, it also showed us our safety in salvation. Christ endured the hiding of His Father's countenance that it might shine upon us. He thirsted that we might drink living water from the wells of salvation. He gave up the ghost that He might give unto us eternal life. He pardoned a sinner in His last hour to show that He had power to save the chief of sinners."

#### AT CASA VERDUGO

Rev. J. C. Livingston preached at both services yesterday at the Casa Verdugo Methodist church. "Our Call for Such an Hour as This" was the subject of the morning sermon. The topic of the evening was "When the Majority Was Wrong."

Mrs. Roscoe Puffer, Jr., of 463 Vine street sang the offertory solo in the morning.

#### Character Shown by Man's Thought of God

"Tell me what a man thinks of God and I will indicate his character," said Rev. C. M. Calderwood yesterday morning at the First Congregational church.

"Tell me what a nation thinks about God and I will exhibit to you the laws, arts and liberties of that nation. The political ideals of the Pilgrim fathers are the outer shadows cast by their inner faith in God. With the Dutch in Holland we find that it was through their hold on God and trust in His providence that they were victorious over the bloody Aia. The reformation in Luther's time had its springs in faith in God."

"All the heroes are God-intoxicated men. They obtained a temporary loan on God's omnipotence. Equipped with God's great re- sources the world's great men felt that they could not be defeated. It is God that lifts forward men, races and nations, just as it is the sun and moon that lifts the tide upon the beach."

"He who trusts must not make haste. The Divine Helper will not be hurried. The mills of the gods grind slowly. Nature's best work is done slowly. Millions of years have passed since the dawn of the earth's creation. The seeds of democracy sown by Jesus 2000 years ago are bringing a harvest today. While we work we must wait for the maturing of God's plans."

News want ads produce results, ter.

#### Men Seek to Learn Power of Religion

"From the earliest days of history men have been interested in knowing just what their religion could do for them," said Rev. Philip K. Kemp yesterday morning at St. Mark's Episcopal church.

"Christianity is no exception for we find the disciples shortly after the death of Jesus seeking the same thing. You will remember as Peter and John went up to the temple at the hour of prayer this came to them. They knew that their faith in Christ, the Messiah, could give them strength to overcome the sins that so easily beset them but could it not do more than that?"

"Then, as they drew near the gate of the temple, there was a lame man who had been afflicted since his birth. Here was a chance to bring their religion into action. Silver and gold they did not have, but they did have the power of divine life—that life that makes the weak strong and the maimed to walk. It was not a selfish possession but one full of the power to help others."

#### HIT BY TORNADO

CALHOUN, Ga., April 16.—A tornado cut a path of destruction hundreds of yards wide between Sonerville and Farnville Friday, according to word reaching here. Several farm houses were destroyed, but there were no casualties reported.

Bottles won't be the only empty things in the basement this win-

#### Life's Commencement Is Theme of Sermon

All services were well attended yesterday at the Central Christian church. Music for the day included a solo in the morning.

"Praise the Lord," by Markwell, by Harry A. Marple of 1539 Glenwood road and in the evening a selection from Wadsworth, "Some One is Waiting For You," by a quartet consisting of Mrs. C. C. Stoler of 1240 Justin street, Mrs. Floyd Mercer of 319 North Jackson street, Mrs. R. P. Jodon of 133 South Kenwood street and Mrs. E. L. Smith of 504 Fairmont street. Mrs. M. G. Musser of 609 West Colorado street is the organist.

"When does Real Life Begin?" was the topic of the morning sermon.

"So long as we remain in the path of least resistance, among the superfluities, we live not begun to live," asserted Rev. C. A. Cole. "Christ does not begin his reckoning till we have stripped away all the excess and superfluities of life, the things that we can spare and that carry no blood. The things that we can ill spare carry a part of ourselves and are alive."

"Here is a man who can spare a dollar for the foreign field or for charity. He can even have his clerk send it and on recurring days it is not overlooked. It's on the books and is paid. He thinks little or nothing of it."

"But one day his only boy, the pride of his life, comes to him with a startling thing. A strange light is burning in his eyes and the lad knows himself to be called of God to go to the lands afar."

"Daddy, I want to be a missionary." The light fades out of that father's sky and hopes of life tumble down like a house of cards.

"That is the experience that shatters. That is where existence ripens into life." The dollar was given and nothing with it. The lad was given and life went with him and there were blood marks all along the way."

#### CONDITION SERIOUS

Miss Eugenia Campbell, who was injured in a street car accident last week is now being cared for at the Golden West Sanitarium at 1125 East California avenue. Ex-ray pictures disclosed severe injuries to the spine and she is in a serious condition. Her mother, Mrs. Mary J. Campbell of Sterling, Colo., is a guest at the sanitarium and had her daughter brought to Glendale as soon as possible following the accident.

#### C. S. SUBJECT

"Are Sin, Disease and Death Real?" was the topic of the address yesterday morning at the Christian Science church.

#### DEATHS, FUNERALS

W. D. McLEOD

W. D. McLeod passed away at 12:30 o'clock Sunday morning, April 15, 1923, at his home, 1345 East Colorado street, at the age of 67 years, after a long illness.

The deceased is survived by his brother and wife, Mr. and Mrs. George McLeod, and by his nephew and wife, Mr. and Mrs. D. K. McLeod. He was born in Carleton county, New Brunswick, Canada, July 21, 1855, and was educated at the University of New Brunswick.

He studied and practiced law in New Brunswick until 1885, when he left Canada for the States, locating in Kansas City, Mo., where in 1886 he formed a law partnership that was known as Warner, Dean & McLeod.

He continued to have his residence and business interests in Kansas City until 1919, when, health failing, in October he came to Glendale, having in March of the same year bought the home at 1345 East Colorado street.

His nephew, D. K. McLeod, son of George McLeod, accompanied him to Glendale, where in November, 1919, he was joined by Mr. and Mrs. George McLeod, who have looked after him in the failing years that followed, culminating in his death yesterday.

The remains will be sent by the Jewel City Undertaking parlors to Kansas City for final services and interment, and will be accompanied by Mr. and Mrs. D. K. McLeod.

#### JALMER J. BAUGE

Funeral services for Jalmer J. Bauge of 108 West Doran street are being held at 2 o'clock this afternoon, Monday, April 16, 1923, in the chapel of Kiefer and Eyerick.

Mr. Bauge died yesterday morning, Sunday, April 15, 1923, in Tujunga, where he was living temporarily. He was born in Norway, August 2, 1883, and was 39 years of age. He was a sheet metal worker by occupation.

Mrs. Hilma H. Bauge survives her husband. There are two sons, Paul Bauge and Vernon Bauge, both residents of Glendale.

#### MRS. JENNIE M. GILES

Funeral services for Mrs. Jennie M. Giles of Watts are being held at 2 o'clock this afternoon, Monday, April 16, 1923, in the chapel of L. G. Scovern. Interment will be at Grand View cemetery. Mrs. Giles is survived by her husband, Benjamin F. Giles, and two daughters.

#### MISS EDNA MARY BUTTERS

Miss Edna Mary Butters died yesterday, Sunday, April 15, 1923, at her home in Los Angeles. Miss Butters was a graduate nurse but had been ill for some time. She was a native of Wash-

#### College Head Preaches In Presbyterian Church

Dr. F. W. Hawley, president of Park college, Missouri, occupied the pulpit last night at the Glendale Presbyterian church.

The evening service was preceded by a program of sacred selections given by the English hand bell ringers of Los Angeles. Mrs. Fannie Marple Retts of 114 West Park avenue was the soloist at the morning service. She sang Dank's "Not Ashamed of Christ." Other members of the church quartet are Miss Elizabeth Mottern of 211 North Adams street, J. Malcomson Huddy of Pasadena, and Robert F. Maile of Los Angeles. Oscar F. Walton of Los Angeles was the organist.

ington but came to southern California a year and a half ago with her father, Thomas E. Butters, who survives her.

Funeral services will be held at 10 a. m. tomorrow, Tuesday, April 17, 1923, in the chapel of L. G. Scovern. Interment will be in Grand View cemetery.

#### PHOEBE HIGGINS

Phoebe Higgins passed away in Glendale, April 15, 1923, at the age of 67 years.

"The deceased leaves to mourn her husband, John Higgins, a son, John Higgins, Jr., and a daughter, Clara Higgins of 356 Santa Barbara avenue, Los Angeles.

The remains will be shipped Wednesday to North Platt, Nebr., for interment Jewel City Undertaking Company in charge.

#### MRS. SARAH W. STINGLY

Funeral services for Mrs. Sarah Webster Stingly of 212 East Maple street were held at 11 o'clock this morning, Monday, April 16, 1923, under the direction of L. G. Scovern, in the Little Church of the Flowers, Rev. C. A. Cole, pastor of the Central Christian church, officiated. Interment was in Forest Lawn cemetery.

#### MRS. H. W. ANDREW

The death of Mrs. H. W. Andrew, the mother of Charles Andrew of 629 North Maryland street, Glendale, occurred at her home in Los Angeles Saturday, April 14, 1923, three days after she had been stricken with paralysis. Mrs. Andrew was stricken on the 13th of the month, on the eighth anniversary of the death of her husband. She is survived by six children, four sons and two daughters, five of whom made their home with her in Los Angeles.

Interment will be made Tuesday, April 17, 1923, at 3:30, in the Hollywood cemetery, after services in the chapel there.

It isn't advisable to order beef steak in a restaurant that is careful to keep its knives sharp.

#### SCARLET FEVER WEAKENS KIDNEYS

(Weekly Health Talk No. 26) (By Drs. Eble & Eble, Ds.C.)

Scarlet fever invariably leaves its victim with after effects that are often less painful but more to be feared because of their weakening effect on the every day health of the victim. Weakness of the kidneys frequently develops after scarlet fever.

Life, when it functions 100 per cent, in any organ of the body means health and vigor. It is the nervous system, radiating from the brain out through the openings of the spine, that keeps the body in healthful balance. When there is weakness in the kidneys it is due to interference with the transmission of mental impulses over spinal nerve lines to the kidneys. Chiropractic spinal adjustments remove this interference and restore the conditions of health.

#### Kidney Weakness Turns to Health

"All regular physicians whom I consulted about my case called it a breaking down of the kidney cells. In time they said I would have no kidneys. This condition was shown by analysis of urine. I began chiropractic spinal adjustments and to test results had a urine analysis made once more, and found all trace of albumen and evidence of tissue decay had cleared up. Today I am entirely well."—Irving A. Sievert, Chiropractic Research Bureau Statement No. 1697H.

## TAKES BAD LUCK OUT OF COOKING

Oven Heat Control Banishes  
Trouble; Regulation Is  
Household Boon

"Oven heat control routs the so-called 'luck' that women talk about in cooking," says John A. Dignan, campaign director of Gas Stoves and Water Heater week, April 16 to 21.

"Strange to say," he continues, "this word luck is seldom applied to foods cooked on top burners, but most generally to cakes, pies and the various other dishes which the oven produces."

"When the same ingredients and the same method of mixing give different results, manifestly the recipe is not to blame. It is the time and temperature which make baking uncertain. Even the most experienced cook admits that it is impossible to judge oven temperatures accurately, and the poor little novice has a dreadful time of it. The time must vary if the heat is not exact, and it seldom is exact by guess."

"To take the luck out of baking, or rather to keep it there, so manufacturers have devised an automatic heat control for ovens. The temperature indicator may be set for any heat, which is specified in actual degrees, and the results will be just as unwavering as the heat. The oven does not become hotter with stored heat, as is the case with a steady flame, as the flame cuts down to maintain the designated temperature."

### Boon To Inexperienced

"Oven heat control is a boon to the inexperienced cook, for when used in connection with a reliable recipe it gives accurate results every time. For the practiced cook, it means no more guessing at oven temperatures, no more peeking in the oven to see if the flame should be turned up or down. The most delicate of cakes may be safely entrusted to the oven regulator and are perfectly raised and browned at the appointed time."

"Whole meals, cooked in the oven with no watching, are easily possible with the oven regulator. A meal that is to cook all afternoon while the housewife is away, or busy in another part of the house, requires a very low heat. Even a tiny flame, in the ordinary oven, will gradually raise the temperature, so that at the end of the afternoon, the oven is hotter than should be. Then too, the housewife is loathe to go away and leave a low fire burning, for fear that it will go out if, for instance, a sudden draft should strike it. With the heat control a tiny pilot flame, fully capable of relighting the burner, stands guard against any such happening. If the oven becomes too hot, the burner goes out on its own, leaving the oven lighter still burning. When the oven cools below the stated temperature, automatically the gas comes on, to be ignited by the lighter."

If Germany will only bow to the inevitable, perhaps the allies will stop demanding the impossible.

## GLENDALE GIRLS COMPETE FOR CARNIVAL HONOR

Honor Of Reigning As Queen Of Exposition Is Sought By Candidates

ONE OF THESE WILL REIGN AS QUEEN OF EXPOSITION

Top left, Miss Louise Moniot; top right, Miss Ruth Fuller Golden; center, Miss Marie Oliver; lower left, Miss Corinne Orff; lower right, Miss Ruth Adele Giltner.

Photos by Ralph W. Browne.

H. L. LEAVITT, director general of the Merchants' Industrial Exposition that is to be staged here from May 25 to June 3, today presents the pictures of the Glendale beauties who are entered in the race for the honor of being crowned Queen of the Pageant, and from now on he predicts that the contest is going to develop into a real, honest-to-goodness race for the wire, with the supporters of the various candidates working and praying for the success of their individual favorite.

The honor of being Queen will go to the girl getting the most votes, but the other four are to receive handsome prizes also and are to be appointed as maids of honor to the Queen. Mr. Leavitt is now planning to stage a Queen's Ball at the Tuesday Afternoon Clubhouse, immediately following the close of the exposition, to which all the fraternal orders of Glendale and all of the club members are to be invited.

On the opening day of the exposition, Friday, May 25, all of the merchants are to be requested by the Glendale Chamber of Commerce to decorate their places of business and to do everything in their power to make the occasion a gala day that will stand out above all other days in the minds of Glendaleans. There will be throngs of visitors here that day, it is stated, as the advertising of the event will be spread all over the surrounding country on and after April 20.

To Make Presents  
Every night two watches, a lady's and a gentleman's, will be given away in the holders of the lucky tickets at the exposition, and these watches and other prizes are now on exhibition in the windows of the Lewis Jewelry Company's store on North Brand boulevard. The night before the exposition closes the Ford touring car will be given away, and on the last night the Maxwell car

will be awarded to the holder of the fortunate stub.

Mr. Leavitt urges the friends of the Queen candidates to buy the voting tickets now and to keep on buying them right up till the last minute, in order to make the race as interesting as possible and to put their respective candidates in the most favorable position to win the coveted honor.

### Judge Chase Imposes Life Sentence on Pair

Judge Harry W. Chase of Glendale is chanting the old refrain "Day by Day, in Every Way, I'm Getting better and better at passing Out These Heavy Sentences." Three times in the last week Justice Chase has been sought out by people who just naturally insisted on asking for life sentences in the matrimonial court.

The latest couple showed up at Judge Chase's office on Saturday afternoon and gave their names as Joe Hollingsworth of Los Angeles and Miss Ida Alexander, who lives southwest of Glendale. They were accompanied by Mr. and Mrs. C. R. Boydston, 4051 Euclid avenue, Los Angeles, friends of the bride, who were the only witnesses to the ceremony.

### EXCLUSIVE LOTS BEING OFFERED

J. M. Boland Secures Duff  
Property, Directly Next  
To Brand Estate

J. M. Boland, 213 West Broadway, announces that he has bought from the Duff property thirteen acres on Mountain avenue, directly adjoining the L. C. Brand estate, and that he is offering this in about thirty fine big lots, all sixty to seventy-foot frontage, the greater portion of them covered with tall-bearing orange trees.

This property is near the corner of Grand View and Mountain, and commands an outlook over the entire countryside. The Duff family are understood to have retained a home site which includes their house at that location.

"Property such as this," says Mr. Boland, "is at such a premium, by reason of its scarcity, that it is scarcely on the market at all before it is sold. I do not expect to be many days in closing out this tract, and I hope that Glendale people will be quick to take advantage of what is a unique opportunity. The lots are priced to sell fast."

### GRAND VIEW P.-T. A.

The Grand View Parent-Teacher Association will meet tomorrow afternoon, April 17, at the school house at 3 o'clock. Mrs. John W. Cotton will give an interesting talk to the members and a display of Mr. Cotton's pictures will also be on exhibit.

### VISIT FR. O'NEILL

Mr. and Mrs. Andie Keller, Mr. and Mrs. Duffin, Mr. and Mrs. William Zimmerman and daughter Gertrude and Mr. and Mrs. H. Zeck, motored to Oxnard Sunday to visit Father O'Neill, formerly of Glendale and now pastor of St. Clara church at Oxnard.

Voting machines are being installed in Pennsylvania. These are mechanical, not political.

To find out how good a man is give him a trial. We are ready for the test. Fred Minden, 322 East Broadway, Merchant Tailor.—Advertisement 4-11 to 4-17 Inc.

## SOLDIER CARUSO WILL SING HERE

Fun Revue Promoters Land  
Headliner to Help Legion  
Benefit

A special added attraction to the forthcoming Fun Revue is announced by Mrs. Nanno Woods, director of the Glendale Community Players, in the acquisition of "The Soldier Caruso." Simon Center, an ex-service man whose magnificent voice is familiar throughout the A. E. F. and over half the States and Europe as well.

Center will sing "O Sole Mio," "Sunrise and You," and "Mandala." Songs he has sung when seeing service with the 1st, 28th and 42nd Divisions, and later at the hospitals, in such company as Elsie Janis, Nora Bayes, Sir Harry Lauder and others.

Prior to the war, Center was with the Redpath Lyceum as a lyric tenor, and since his return to the United States he has been over the Keith circuit south and west, being one of the headliners at the American Legion convention in New Orleans. His home is in Huntington Park, where he has been slowly recuperating from the effects of being gassed in France.

### Lots of Parodies

The parodies on "Mr. Gallagher and Mr. Shean" and "Barney Google" continue to pour in on the Contest Editor of The Glendale Evening News. The following are samples:

Oh, Mr. Gallagher, Oh, Mr. Gallagher, The stores are crowded full of folks we know.

For the papers they all say—  
Glendale's having "Dollar Day,"  
And the merchants have great bargains they will show.

Oh, Mr. Shean, Oh, Mr. Shean, I wonder could I get a good machine?  
I've a dollar I could spare,  
If it is in good repair,  
What? the dollar, Mr. Gallagher?  
No, the Lizzie, Mr. Shean.

Oh, Mr. Gallagher, Oh, Mr. Gallagher, Have you seen the fence at Broadway and Brand?  
It has the one at Glendale Avenue beat.  
Tho' it's on a more conspicuous street,  
But they're going to build a bank, I understand.

Oh, Mr. Shean, Oh, Mr. Shean, I think I know the place you mean.  
I was told the other day,  
They'll soon give something away—

## TIGE, BUSTER TO ENTERTAIN KIDS

Hero Comic Section and  
Pup to Stage Show at  
C. of C. Building

Few grown-ups there are, perhaps, who do not remember the "Buster Brown" comics of several years ago, and who do not recall with pleasure the many hearty laughs gained through following the mischievous Buster and Tige in the Sunday supplements.

And with the calling to mind of "Buster and Tige" there follows in short order, Pa Burton Brown and Ma Barbara Brown, those sterling characters whose sole purpose in life was to keep Buster on the straight and narrow.

All of which leads up to the fact that "Buster and Tige" will appear in person tomorrow afternoon at 2:30 at the Chamber of Commerce building where an interesting and unusual afternoon's program of entertainment will be given for Glendale boys and girls. "Tige," it is said, is a wonderful entertainer and with the help of Buster performs many very clever tricks. "Buster," of course, is traveling in behalf of the famous Buster Brown shoe for boys and girls. He has visited the factory many times and will tell Glendale boys and girls many interesting facts about shoes, facts that they should know about their own footwear.

The entertainment is given through the courtesy of Winkler's Buster Brown Shoe Store and a cordial invitation has been extended to every boy and girl to attend. There will be surprise souvenirs for the boys and girls.

### DRY ENFORCEMENT

WASHINGTON, April 16.—President Harding's conference of state governors to discuss prohibition enforcement, originally planned for this month, will be called in May, it has been announced at the White House. The conference will undertake to agree upon a nation-wide legal code for enforcement of state dry laws.

### Patronize home merchants.

Will it be money, Mr. Gallagher? No, just the dirt, Mr. Shean.  
I was told the other day,  
They'll soon give something away—

## A Painted Neighborhood

YOU are proud of your neighborhood. You delight in having your friends see your home and those that surround it. Every time you come up the street, you thrill with pride that you are able to bring up your family in such pleasant surroundings. The homes may not be costly, but they are well kept. In other words, they're painted.

Just stop and picture those same houses run down for lack of paint—drab, shabby, weather-beaten—and you'll realize what it means to you to live in a well-painted neighborhood. You not only enjoy it, but your children, because of this daily association, are being taught the beauty of harmonious colors.

### BASS-HUETER Paints and Varnishes

give to your home that well-kept appearance every one admires. You can't buy better paint or varnish than that which bears the Bass-Hueter label, representing over sixty years of progress in paint making. These products are made on the Pacific Coast and successfully meet the climatic conditions peculiar to the West.

What you pay for the paint is but a small part of the finished work. It costs just as much to have cheap paint put on, and Bass-Hueter Paint, because it is made of the best materials, will wear twice as long as the average paint. Therefore we suggest that when you repaint your house, or have the interior redecorated, you specify Bass-Hueter products. On the small jobs that you do yourself, you will also find it economy to use a Bass-Hueter product, choosing the one made especially for the work you have to do.

You will be delighted with your results if you follow carefully the directions given on each can.

Save the surface and  
you save all the work

## Won by a Lap

TODAY'S SHORT STORY, BY Ad Schuster

There was little of ceremony and less of politeness on the 6:40 local to the city. The men, for the most part, rushed for the smoking cars, where they buried themselves behind newspapers and under clouds of smoke until the end of the journey.

"Have you noticed," the fat man next to Lawrence Coffey spoke in a wheezy and complaining voice, "have you noticed how many women are invading this smoking car? Let them stay where they belong, is what I say. Plenty of seats back there, most likely."

Lawrence had noticed it, a little guiltily, because it seemed to call for him to give up the seat he always held.

"You're right," he agreed, "they ought to stay back in their own car and let the men read their papers. Fellow can't read standing up, and why they choose to come in here and breathe smoke is more than I can see. Funny things, women."

The other men in the smoker held to the same opinion, but the girls who stood in the aisles and swayed with the moving train persisted. Some mornings they walked the length of the train, as if in search of the one man who might offer them a seat. There was one group in particular who seemed to make a game of it. Lawrence listened for their laughter each morning and smiled. He wished he knew these girls, the little blonde one, for instance, and yet—well, after all these mornings it would look a bit queer if he took suddenly to politeness.

Besides, he thought, to give a seat up to a woman in the smoker would be violating the understood agreement. He would stick by his kind, the women must be discouraged.

Down the aisle of the car the group came, laughing as usual. The car rocked and the progress of the girls was made an unsteady succession of starts and stops.

As they were passing Lawrence's seat the little blonde reached for a strap and missed it. With a startled scream she lost her balance, whirled half around, and landed squarely in the young man's lap.

"Oh, excuse me!" She was very pretty, Lawrence thought. "The car sways so, and I missed the strap."

Lawrence had risen. "It is a rough road," he said, and insisted she take his seat. Over the tops

of a score of newspapers outraged men looked at the two. Here was a defection in the ranks, a deserter in the cause.

After that Lawrence spoke to the girl each day, and before long they were riding together to the city. If the railroad records could show the number of romances which have started on the 6:40 alone, mention would have to be made of this, for the two fell deeply in love and rejoiced at the daily opportunity to make plans. The smokers regarded Lawrence as a lost. They had seen things like this happen before. In a few months, now, he would be riding to work alone and they would win him back. A married man, the smokers' club agreed, was apt to be a reliable member.

The week of the wedding arrived and with the gifts for the bride. There was one card which attracted Lawrence's attention, for it read:

"To Hortense Drumm, the latest member to prove the efficiency of the society's methods, from the girls of the L. C."

"And what," the bridegroom asked "is the L. C.?"

Hortense smothered a laugh in her handkerchief. "That is, one secret I am going to keep from you."

"Funny things, women!" It was the fat man again who spoke to Lawrence when, two weeks after the wedding, he started in once more to ride alone in the smoking car. "Now, there is my daughter. She tells me about a crowd of girls who go to town on this train and who have a little scheme of falling into the laps of attractive-looking men. What looks like an accident is a means of forming an acquaintance. Can you beat that?"

"What do they call the club?" Lawrence was thinking hard.

The fat man grinned. "The Laplanders. Funny name, too."

Lawrence took his thoughts with him to work. By noon he was grinning to himself, and when he arrived home he was in high spirits. At dinner he remarked, as if casually: "Do you know, Hortense, I think I owe a debt of gratitude to some people which I would like to pay. Suppose we give a dinner to the Laplanders' Club?"

Tomorrow—His Mark.

## Efficient Housekeeping

by Laura A. Kirkman

**DISHES IN THIS WEEK'S MENUS**

**TOMORROW'S MENU**

Breakfast  
Sliced Oranges  
Cereal

Coffee  
Dropper Eggs  
Wholewheat Toast

Luncheon  
Vegetable Soup  
Wholewheat Bread  
Tea  
Cream Cheese  
Nuts and Raisins

Dinner  
Corned Beef  
Baked Potatoes  
Cabbage Salad  
Coffee  
Prune Whip

**Tuna Fish Salad:**—Flake one can of tuna fish with a silver fork and mix with it one and one-half cups of diced celery and a few broken English walnut meats. Stir in enough boiled dressing, or mayonnaise dressing, to moisten well, and serve on crisp lettuce leaves.

**Casserole Stuffed Potatoes:**—Bake eight large potatoes till tender, then cut off the tops, scoop out, and mix the interiors with three tablespoons of cream or milk, three tablespoons of butter, and a few bread crumbs; season with salt and pepper to suit taste, then refill the potato skins with this creamy mixture. Replace tops and put the potatoes into a casserole or baking dish. Bake till hot, then serve.

**Strawberry Whip:**—Put into a bowl one and one-fourth cups of strawberries, cut small, one cup of powdered sugar and the white of one egg. Beat this mixture about thirty minutes, when it

should be stiff enough to hold its shape. Pile on a dish, chill in the refrigerator, surround with lady fingers or small pieces of white cake, and serve with a simple cold boiled custard.

**Fruit Cocktail:**—Cut one grapefruit into dice, discarding the white fibers. Also dice two bananas and one orange. Divide this mixture into four cocktail glasses and pour over it a liquid made by dissolving one-half glass of grape jelly into one cup of hot water, then chilling it. Garnish the cocktails with a few whole strawberries.

Here is another delicious fruit cocktail which a reader kindly sent:

**"Strawberry Cocktail:**—Boil one cup of granulated sugar and one-third cup of water for three minutes; cool this syrup, then add to it one-half cup of orange juice. Slice five or six strawberries into each cocktail glass and add one tablespoon of the syrup. Garnish with a sprig of fresh mint or cress.

—L. M. A."

Tomorrow—More Directions for Making a Teapot Holder.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in the near future. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor.

## Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad.

**TODAY**—California seems to favor adoption of "three-fourths" jury idea and abolition of preliminary examinations in criminal cases, writes William G. Cayce, Los Angeles correspondent.

**TOMORROW**—James S. Sheehy, Portland, Ore., writes of the discovery of evidence near Albany, Ore., which indicates a race of mound-building Indians once lived in that vicinity.

By WILLIAM G. CAYCE  
For International News Service

**LOS ANGELES, April 16.**—The proposed "three-fourths" jury verdict in criminal cases is meeting with unlimited approval in Los Angeles and throughout Southern California. Because there have been numerous criminal cases in Los Angeles in which persons, accused of major offenses, have been allowed to have their freedom after several trials because juries were unable to reach a verdict of guilty or not guilty, it has been suggested that the plan of a "three-fourths" verdict be adopted.

Striking examples of cases where prisoners have been allowed to go free because the jury failed to come to a verdict are the recent trials of Arthur C. Burch and Mrs. Madalyn Obenchain, Chicago divorcee, charged with the murder of J. Belton Kennedy, who were released after Burch had been tried three times and Mrs. Obenchain twice. When it was apparent no jury could reach a complete verdict in their cases, District Attorney Thomas Lee Woolwine was forced to go into court and ask for a dismissal of the charges.

Abolition of the preliminary hearing in all criminal cases, except where specifically demanded, will be recommended by the Los Angeles crime commission, recently organized here, following its incorporation, as a necessary move in speeding up the administration of justice in California.

The proposed new measure, which will be introduced at the present session of the state legislature at Sacramento, will provide that the preliminary examination of prisoners can be abolished if he shows a disposition to plead guilty. Under such an arrangement

ment a prisoner desiring to plead guilty can go directly to the superior court, enter his plea and start serving his sentence immediately.

It has been pointed out that such a measure would speed up the handling of many cases and would work to the interests of the prisoners, many of whom are now compelled to remain in jail several weeks before being given a hearing.

The measure, it is claimed, will also result in great financial saving to the state, particularly in witnesses' fees, cost of stenographic transcribing and other court costs.

District Attorney Thomas Lee Woolwine, while talking before a luncheon of the committee recently, assured the full support of his office to such a movement.

Enthusiastic endorsement of the crime commission and its work so far has been received from all parts of the state, particularly commending the movement to do away with the preliminary hearing.

Among those who have endorsed the movement are 167 state newspapers, virtually every civic, commercial and social organization in Los Angeles, Oakland, Berkeley, San Francisco and the city councils and chambers of commerce in a score of other California cities.

The three-fourths verdict has been specially endorsed by the California Bar association, state supreme court, Justices Wilbur and Meyers. Three state senators and eight assemblymen, all from Southern California, have given verbal endorsement to the recommendations of the crime commission.

Mark has had an affair with a brown girl, killed a gang of pearl fishers for their loot, and in other ways disgraced himself. When he wants Joel to join him in moving the pearls from their cache and Joel refuses, a tense situation develops. In the end, very dramatically, it is proven that "All the Brothers," even including Mark, "Were Valiant."

public debt, deposits to credits of sinking funds, retirement of treasury certificates, postal savings certificates, payments of soldier insurance and disability allowances, pensions, government participation in good roads construction and similar items. Before the war the public debt interest charge was \$22,000,000, as compared with \$975,000,000 at present.

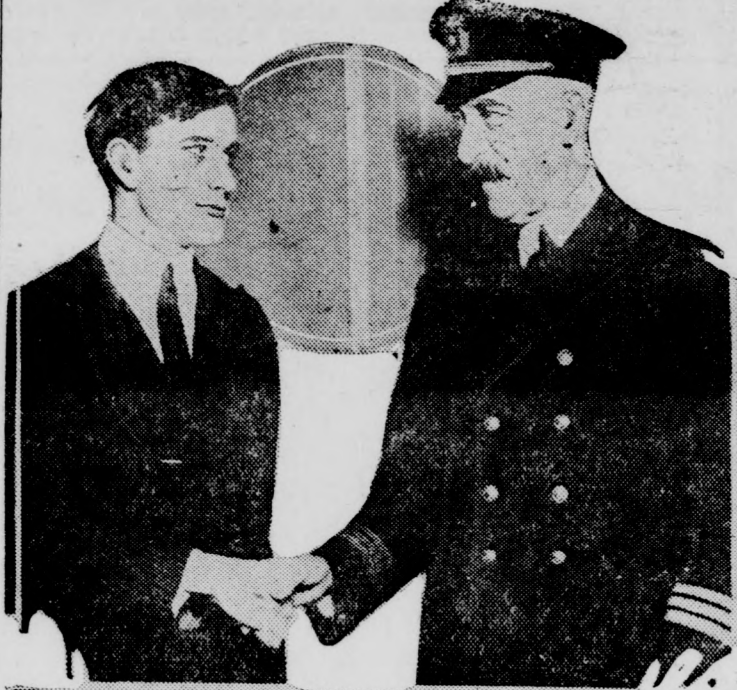

The actual cost of running the government will be about \$1,700,000,000 for the present fiscal year.

### DEFENDS COLONY

**LANSING, Mich., April 16.**—Charging the Israelite colony is being discriminated against because of its denominational form of government, attorneys for the House of David filed a motion in Ingham county court late yesterday asking that quo warranto proceedings instituted by the state to dissolve the colony be dismissed. The hearing on the motion was set for Saturday morning, April 21.

## RADIO SAVES MAN'S EYESIGHT

Doctor 2000 Miles Away Gives Him Treatment

Joseph LaRue, of Athens, Texas, a college graduate and son of a Texas banker, joined the S. S. Narcissus as a seaman to see the world. He was stricken blind when the vessel was 2000 miles from New York. There was no doctor on board, but Dr. John Irwin, ship's surgeon on the liner President Harding, wirelessly instructed the captain of the Narcissus. The President Harding, en route to New York, left her course, went to the Narcissus, and a boat's crew placed LaRue on board the liner, where the surgeon was able to save his sight.

Joseph LaRue, of Athens, Texas, a college graduate and son of a Texas banker, joined the S. S. Narcissus as a seaman to see the world. He was stricken blind when the vessel was 2000 miles from New York. There was no doctor on board, but Dr. John Irwin, ship's surgeon on the liner President Harding, wirelessly instructed the captain of the Narcissus. The President Harding, en route to New York, left her course, went to the Narcissus, and a boat's crew placed LaRue on board the liner, where the surgeon was able to save his sight.

## APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

### RECEIVER LOAD COILS

The illustration herewith depicts a high grade, compact and efficient coil made in three different values, namely, 35, 50 and 100 millihenries. These coils consist of two bakelite-dielectric side pieces, between which is mounted a highly efficient wire wound coil of high frequency cable. The electrostatic capacity of the coil is extremely low. The side pieces are finished square, forming a base for the coil. Close coupling between two or more load coils is possible, as their rear surfaces are plane and close to the central plane of the coil. A couple of these coils, used in conjunction with two suitable variable condensers, can be made into an excellent receiver.

## RADIO DEVELOPMENT

By LIEUT. JOHN R. IRWIN  
U. S. AIR SERVICE (RESERVE)

### ELECTROMOTIVE FORCE—AND RESISTANCE

Water will not flow in a pipe line unless there is some force pushing it along, as, for example, a pump, and it cannot be kept flowing without continuing the pressure. Electricity will not flow in a current unless there is a battery or other source of electricity in the circuit. The battery or dynamo is like the pump, for the purpose of providing an electric pressure. To this has been given the name of "electromotive force," or in other words, a force which moves electricity. This term, for convenience, is generally abbreviated to "emf." The larger the number of cells which are joined in the circuit, or the greater the capacity of a dynamo, the greater the electric pressure will be in a circuit and the larger the current produced, just as the rapidity of flow of water in the pipe line may be increased by increasing the pump pressure.

There is always some friction in a water pipe, whatever its size or material, and this will hinder the flow of the water to a certain extent. If it were not for this friction the water would increase indefinitely in speed. Similarly there is friction in the electric circuit. This is called the "resistance" of the circuit. The greater the friction the less rapid the flow of water with a pump acting. Thus we are given a means of controlling a current of electricity, as, by placing resistance in a circuit at any given point, it will correspond to placing a partially closed valve or faucet in a water pipe at any point. The greater the resistance used would correspond to the tightening of the valve.

(Continued in next issue.)

### MAKE OWN ARRESTS

**NEW ORLEANS, April 16.**—Morehouse parish has been ordered by the state to make its own arrests for the masked mob outrages that terrorized the parish, resulting in the murder of two men, the kidnapping and whipping of others and inauguration of an invisible black hooded government. District Attorney David I. Garrett, of Morehouse parish, departed today with bills of information against thirty-one citizens of the parish.

### HURT BY CYCLONE

**CULLMAN, Ala., April 16.**—Mrs. Tulla Manning was seriously injured at her home, five miles north of here when a cyclone of moderate violence struck this section yesterday. She was caught under falling timbers when the Manning home was blown down. Two persons were reported injured at Simcoe, a small settlement fourteen miles from here. The cyclone was accompanied by terrific rains.

## Uncle Wiggily Bedtime Stories

— BY HOWARD R. GARIS —

### UNCLE WIGGILY AND THE HIGH WATER

"Rain, rain, go away. Come again some other day!" That is what the animal boys and girls in the Woodland, near Uncle Wiggily's hollow stump bungalow, sang over and over again.

"Rain, rain! Please go 'way! Don't come back any other day!" Sometimes they changed the song a little bit and sang it that way. For it had rained very hard in Woodland—it had rained hard and long and the animal boys and girls were tired of it. Down, down pelted the big drops. Oh, how weary the little animal folk were of the rain!

"Do you think it will ever stop?" asked Nurse Jane Fuzzy Wuzzy, as she sat in the hollow stump bungalow and pressed her nose quite flat against the window.

"Well," slowly answered Uncle Wiggily, "it always has stopped."

"That doesn't say it's going to stop now!" went on Nurse Jane. "I never saw so much rain in all my life! We'll have high water if it keeps on! I think I hear it running in the cellar now."

"I'll take a look," offered Uncle Wiggily. He went down the cellar stairs, clumpy-clump-clump. "Yes," he said, when he came up again, "there's water in the cellar. But it will do little harm, for we have eaten most of our winter carrots and cabbage, and now that it is spring we can eat things that grow out of doors. Let the high water come, I say. Soon it will be summer! Tra, la, la!" and Uncle Wiggily twinkled his pink nose and sang a song.

"It's all very well to be jolly and play," said Nurse Jane, "but if the rain makes a flood, and the water gets so high that your hollow stump bungalow is like an island, how are you going to get out?"

"Oh, there will be time enough to worry about that when it comes," chuckled Uncle Wiggily. But, surely enough, the high water came sooner than was expected. All the remainder of the day and all night it rained, and in the morning, when Nurse Jane looked from the window, she saw water all around the bungalow.

"Oh, Uncle Wiggily!" cried the muskrat lady, "we're a regular island surrounded by water! What are you going to do? How are you going to get to the store, or go off adventuring? I am all right, for we muskrats can swim, but you can't! What are you going to do?"

"Well," said Uncle Wiggily slowly, "I don't just know as yet. I don't need to go out to the store, for we have enough to eat. And as for adventures, why, they will keep until tomorrow, when the high water may go down and get low."

But it did not. The flood remained high and Uncle Wiggily could not get out of his bungalow because water was still all around it. Nurse Jane could have gotten out by swimming if she had wished but she would not leave the bunny man.

"Perhaps it isn't so deep but what I can wade," said Uncle Wiggily. He tried it, but as soon as he stepped one leg off the front stoop he almost fell in over his head.

"It is too deep for wading," he said. "And you must go out today," spoke Nurse Jane. "We shall need something from the store. Oh! but how can you go out in the high water, Uncle Wiggily?"

The bunny gentleman thought for a moment. Then he twinkled his pink nose and he said: "Ah! I have just thought of a way. Something I saw Curly and Floppy Twistytail, the piggie boys doing the other day gives me an idea."

"Then you had better do something quickly!" cried Nurse Wiggily. "For here comes the Fuzzy Fox after you on a raft!" And, surely enough, the bad Fox was coming to the bungalow, floating along on a raft boat he had made. "How can you get away when you can't swim?" squeaked Nurse Jane.

"I can't swim for both of us," said Uncle Wiggily. "There is no need," said Uncle Wiggily, as he looked from the window and saw the Fox coming nearer. "I'll make myself a pair of stilts, as I saw the piggie boys do the other day. On tall wooden stilts I can wade through the high water."

Outside on the back stoop were some clothes line poles. Uncle Wiggily took two of these, fastened on pieces for his paws and soon out of the bungalow he waded on the stilts, away up above the high water. Nurse Jane swam along beside him.

"Here! I want you!" howled the Fox, poling his raft up to the bungalow. "I thought sure I'd catch you in the high water."

"Well, I fooled you!" laughed Uncle Wiggily, and on his stilts he waded safely to high ground, where the Fox couldn't get him. And when the waters went down the bunny and Nurse Jane came back to the bungalow.

And if the raisin cake doesn't try to turn into a chocolate pie and fall down stairs backward while doing it, I'll tell you next about Uncle Wiggily and Tippy Tumble.

Here! I want you! howled the Fox.

### Citrus Union Beats High School's Squad

Glendale Union High school's first baseball game this season in the Central League resulted in the visitors from Citrus Union High school at Azusa taking home the crown of victory. Local boys put up a fight, however, several home runs being made. Glendale's team was composed of Wesley Comroy, Elmer Muff, Darrell Elliott, Leslie Lavette, John Lovell, Pete Keogh, Robert Brachbury, Howard Elliott and Carl Denny.

### FACE EXPULSION

**NEW ORLEANS, April 16.**—Sons of veterans who injected the Klan issued into the Confederate veterans' convention here face expulsion, it was declared by Commander W. McDonald Lee.

"Those responsible," said Lee, "should be expelled from the organization and held up in disgrace throughout the south. The executive council took up the matter Thursday and issued a scorching statement condemning the unpatriotic publicity in this connection. The council will look further into the matter."

### BERNHARDT RELICS

**PARIS, April 16.**—Gold and silver trophies, acquired by the late Sarah Bernhardt during her triumphal tours through Europe and America have been sold quietly by her son, Maurice, to meet bills incurred during the famous actress' final illness, it has been learned. Madame Bernhardt died, deeply in debt.

Maurice Bernhardt said he disliked to sell the relics, but that it was necessary to raise cash to meet pressing creditors. The sales were made to a small antiquity shop.

### TO START INQUIRY

**DETROIT, April 16.**—Judge Harry J. Dingman, presiding judge of the state circuit courts, announced today he would sit personally at the one-man grand jury investigation to be conducted in Berrien county into the House of David colony of Benton Harbor. The investigation will start this week.

### ARREST WOMAN

**SAN FRANCISCO, April 16.**—Arrested at the request of Los Angeles police, Flo Rawlins was held today for the arrival of southern officers. She was reported to be wanted in Los Angeles in connection with automobile accessory thefts. Her brother, George Rawlins, is being sought, police said.

## REAL ESTATE FOR SALE

### GLENDALE PROPERTY

#### THINK OF IT!

Only \$550 cash for a beautiful  
six-room bungalow on a nice shady  
street, one block from P. E., close  
to school and stores. Wonderful  
living room, and dining room,  
real fireplace, and all built-ins.  
In fact, this is the home you  
have been looking for. Price  
\$7000, and terms to suit.

EXCLUSIVE IS THE WORD  
This describes the house, as  
well as the street. It has seven  
large rooms, including three bed-  
rooms finished in ivory. Liv-  
ing room and dining room fin-  
ished in gum. Beautiful fixtures,  
built-in bookcase, buffet, shower  
tile bath, fine breakfast room,  
large laundry, real fireplace,  
porch and double garage. Shade  
trees, fruit, shrubbery, flowers  
and grapes. No better location  
in Glendale, no better buy. Price  
\$11,000 and only \$3000 down.

THEN AGAIN

#### SHOWS EVIDENCE

TALLAHASSEE, Fla., April 16.—The strap used for whipping convicts and the tattered rags that serve as clothes for a worker under the county convict lease system were displayed by Representative Nathan Mayo, of Marion county, when the Florida legislature took up a measure providing for abolition of the system said to have claimed the life of Martin Tabort, youthful wanderer from North Dakota.

#### DEMANDS INQUIRY

CHICAGO, April 16.—Louis J. Behan, master in chancery and a grand knight in the Chicago chapter of the Knights of Columbus, with many other Catholic affiliations, has announced he would demand a grand jury investigation of the newspaper Tolerance, because it printed an article which he said inferred he was a Ku Klux Klansman.

### PLAN TO EXTEND FOOTHILL ROUTE

New Boulevard to Relieve  
Traffic Congestion on  
Present Road

A report that is gaining in volume and credence is to the effect that the Foothill Boulevard is to be extended from Lamanda Park through Tujunga Valley, either by way of Altadena and the Devil's Gate bridge or by way of a bridge to be built further north across the Arroyo Seco.

From a reliable source comes the information that the survey has been made as far west as a point opposite Cook's Canyon, which brings it to the eastern outskirts of Tujunga. Whether it will be continued west by way of San Fernando or through the Big Tujunga canyon by way of Acton for a short cut to northern cities, has not been announced. Big Tujunga Canyon offers an excellent short cut outlet from this valley and this route appears to be the logical one.

From Lamanda Park the boulevard would continue west from where it crosses the railroad tracks instead of turning there. Should this highway be put through as proposed it would relieve the present State Highway of a heavy stream of traffic that is fast assuming the proportions of a problem. Motorists find the present route through the valley an excellently surfaced thoroughfare, but a trifle narrow for perfect safety. With the completion of the bridge across the Big Tujunga riverbed last summer and despite the quarter of a mile of bad going in Pacoima wash, the traffic along this route has more than trebled. Should the popularity of this highway continue to mount, a relief artery will be a necessity in the very near future.

#### Aid Land Values

The proposed route would follow a point just north of the present one crossing Haines Canyon near the entrance and running through a new tract of land just recently subdivided and placed on the market at the mouth of Blanchard Canyon. From this point it would follow the route of the present road, Monte Vista Boulevard turns into the canyon drive further west. The carrying out of this project would greatly enhance the value of many acres of excellent land in and adjacent to Tujunga, most of which is already under cultivation as grape vineyards or otherwise improved.

Also, the completion of such a link in the highway system would further increase the demand for tourist accommodations. Whether or not the proposed Hokenbury System Rodome tourist hotel, for which an application has been filed on the property at Michigan Avenue and Sunset Boulevard, is the result of a wise foresight or advance information is merely conjectural, but the need of such a hostelry in any event is obvious.

According to an outline of the Hokenbury System's policy and method of operating, the plan is to form a company of local investors to erect the buildings. The money expended by this company is secured by issuing preferred stock and the Hokenbury System leases the buildings from this local operating company. Dividends are paid on this stock from rentals.

Common stock in the hotel company equal to the preferred stock in the operating company is issued. All net profits accruing from the operation of the hotel are paid in the form of common stock dividends. In this way the investors are assured of a reasonable rate of interest on their money and a share in one-half of the net profits.

The hotel accommodation and transportation problems are of utmost importance in Tujunga at this time and the consummation of either of these projects will be of unlimited benefit to this community.

#### Change Meeting Time

At the last meeting of the Reading Circle of the Parent Teachers Association held at the home of Mrs. H. B. Lynch, 144 West El Centro, it was voted to change the meeting time from 11 a. m. to 2 p. m. to 10 to 12 p. m. The former time conflicted with the lunch hour and the change has been made to make it more convenient for all members to attend. The next meeting will be held at Mrs. B. B. Reynolds' home, 108 South San Ysidro, next Friday, April 20, from 10 to 12 p. m.

Last Thursday the Monte Vista Valley Improvement League gave a box supper and entertainment at Chamber of Commerce Hall, Sunland. An excellent program was enjoyed, including: piano solos by Mrs. Jessie Kimpel; gymnastic dancing, by Loretta Wiggins; and a comedy sketch, "St. Patrick's Day in China," by Mr. and Mrs. A. J. Scribner and J. E. Smith. Mrs. Snow rendered vocal solos. After the supper had been disposed of there was dancing.

The Sunland Parent Teachers Association will give an entertainment and dance in the auditorium of the Sunland school on Friday evening, April 20.

Mrs. Jessie Kimpel is chairman of the musical program committee and Miss Catherine Crews has charge of arrangements. Miss Crews will present an original skit written by herself. Refreshments will be served.

W. E. Perry, who has been critically ill for some time, is reported much improved in health and hopes to be able to receive some of his friends for a short chat some day soon. Mr. Perry was suddenly taken sick on January 17 and has been missed from his office on Sunset Boulevard and his customary haunts, A

### Owners Of Tract Set Aside Choice Part Of Property For City Park At Tujunga

THE tract of building lots known as "The Gem of Tujunga," located along Michigan avenue, east of Sunset boulevard, and recently placed on the market by Leo H. Smith and his brother, Sidney H. Smith, is selling rapidly. There is a cove at the eastern corner of the property that is an ideal spot for a park and amphitheatre. This is being held for that purpose in the future.

The lots are close to the business section and are served by good streets. Los Robles avenue is to be extended through the tract to join the highway. It is to be graded and surfaced with oil and gravel and will make a direct and convenient route from the residence section to the center of business activity. The residents along the remainder of Los Robles plan to extend the oiling and graveling to Marshall street.

The Smith brothers are finishing a very ornamental office of the mission type, finished in stucco with metal tile roofing.

A. J. N. Kingsley goes the honor of building the first home in this tract. He is a contractor and expects to make his home there and enter the building business and is building a stucco finished house and garage for himself.

A. C. Knutsen, Raymond Riche and Mrs. E. L. Reeves have bought in the Gem tract. Mrs. Reeves' daughter and son-in-law plan to establish an art studio on this property.

Building, as well as selling, is also very active. Richard J. Smith, contractor, has nearly twenty-five men employed on several building jobs. One is a new residence for Frank Begue on Michigan avenue, at the extreme eastern edge of Tujunga. This is a six-room house with hardwood floors and all modern conveniences.

Mr. Smith has just completed a home for himself at Betty Lou lane and Citrus and intends to occupy it immediately. It was in anticipation of this move that Mr. and Mrs. Smith were entertained at a farewell party in their honor by Mr. and Mrs. Phil Begue and Mr. and Mrs. Bert Begue at the home of the former. The guests were Mr. and Mrs. George Aiken, Mr. and Mrs. J. C. Snyder, Mr. and Mrs. Curtis Meyer, Mr. and Mrs. Harold Meyer, the Misses Catherine and Imogene Snyder, Catherine Flynn, Irene De Mers, Josephine Begue and Messrs. John A. Caldwell, Bernard and Bruce Answalt, Al Tyler and Benjamin Schwartz of Pasadena.

#### Fire Precautions

E. L. Sweet and Deputy Constable Edward McCarty have been appointed fire wardens by County Forester Stuart J. Fintham to assist Leo L. Lang, who has been fire warden for several years.

Mr. Fintham is giving the Verdugo Hills district considerable attention and intends to clear the fire breaks of brush in readiness for any possible outbreak of fire.

M. V. Hartranft of the California Home Extension company has announced his intention of building a road west from the Hillhaven tract along the ridge of Mt. McGroarty to Sunland as the first step in fire protection measures for this section of hills, which are fast being built on. A fire here would damage property to an incalculable extent, as there is little if any means of protecting the homes along the slopes at the foot of the hills.

The trail recently made from the end of the Hillhaven road to the cross on Mt. McGroarty will be widened, as was intended when it was graded, and will be extended along the north side of the hills for a considerable distance. Foot trails will be made, leading up from the valley, so that fire fighters may be rushed to any point that may be in danger, should fire break out.

Mr. Hartranft also plans to run a water main along the ridge with connections for large size hose at convenient intervals.

#### Building Activity

A house and garage has been completed on Monte Vista boulevard by J. W. Larsen, formerly of Santa Monica.

A studio house is being built near the corner of Summit and Walnut by Luke Blood, who will make his home there with his family.

Wallace M. Morgan, president of the school board, is building a seven-room house on his property near the corner of Los Robles and Marshall streets.

"See" Wesley Miller has established his office at Michigan avenue and Haines Canyon road, abandoning the old location at Marshall street.

Mr. Miller reports the sale of the Pettigrew place on Zitto street to R. E. Bohart who is connected with the American Type Founders of Los Angeles. The family is already occupying their new home.

The property at the southwest corner of Pine and Los Angeles streets has been purchased by Mrs. Ives, widow of the manufacturer of Ives Gasoline water heaters. She is making several improvements and will occupy the house as soon as these are completed.

The Barret Land company has speedy recovery is the wish and hope of the 'boys' uptown.

Yvonne Bloodgood, daughter of Mr. and Mrs. C. H. Bloodgood, of 217 Tinker street, has been suffering from an attack of measles.

Every man likes the feeling of being well dressed. To your satisfaction see Fred Minden, Merchant Tailor, 322 E. Broadway.—Advertisement—

### Hollywood Athletes Lead Field By Wide Margin In High School Track Meet

PATTERSON FIELD, Occidental college, was a bright arena of youthful color Saturday afternoon, the occasion being the twelfth annual inter-high school track and field meet, held under the auspices of the Los Angeles City League, and witnessed by upwards of 1000 rooters, contestants and friends from the "high" of Franklin, Pasadena, Jefferson, Lincoln, Hollywood, Los Angeles, Manual Arts, Polytechnic, Long Beach, San Diego.

Hollywood's athletes carried over income property in Hollywood. He plans to continue in the management of the local office of the Edwards & Wilkey firm. Francis Rublee, Jr., of Hollywood, purchased the beautiful 8-room home of the Bourneas. Little Dorothy Osborne, daughter of Mayor Sherill B. Osborne has had an attack of the whooping cough, and has been confined to her home for several days. Mrs. Osborne reports that she is now much better, and that she can soon be released from her confinement.

The American Legion Auxiliary will meet with the American Legion next Thursday night at the library basement. All members of the legion and auxiliary are urged to be present. The meeting will be followed by a social hour, and the serving of refreshments.

The Sunrise Civic club will meet Tuesday night at the east school. A delightful program has been planned, after which a general discussion of civic affairs will follow. All residents whose home are east of Central avenue are eligible for membership in the club, and are invited to attend these meetings, which are held once a month.

Mrs. H. L. Robertson of 23 East Park avenue entertains Saturday in honor of her sister-in-law, Miss Valborg Robertson commemorating her thirteenth birthday, which occurred Thursday.

Six guests were present. The home was prettily decorated in pink Cecil Brunner roses, and the place cards bore the same color scheme. After games were played delicious refreshments of cream and cake were served.

C. of C. Reorganization. The first shot out of the cannon will be made by the Eagle Rock Chamber of Commerce next Tuesday night at the city hall, where the program of re-organization will be presented.

"We are going right through with our program of re-organization," stated President O. J. Ross. "We are employing the services of Stevenson & Shoups, the professional organizers, who have helped to place a score of chambers on their feet, and you can make as much noise as you want to about it."

The original aim for the chamber of commerce was a 400 membership, with dues raised to \$3 a year. This would enable the chamber to hire a paid secretary and keep a systematic upbuilding program in effect.
